*The management of pregnancy after 24 weeks gestation. If a GP carries out any planned deliveries then the obstetric rate must be paid. A non-obstetric GP may look after a patient up to delivery, provided that the delivery takes place in a hospital under the care of an obstetrician or other suitably qualified person.

**Treatments or procedures which, in the opinion of the MPS Council, have as their primary purpose the alteration of the non-pathological external appearance of the patient.

***A GP can be classed as procedural or non-procedural. Those GPs who practise procedural work must pay the applicable risk rate.
